Work Experiences

- **Intern Front-End Developer, at mixitweb.ir**
2022 - Present
At the beginning of 2022, i had a project that needed a Front! so i chose Vue.js and worked with it a little bit, and fall in love with The performance, so i'm using Vue.js since then!
- **Back-End Developer, At Webina.Dev**
2018 - Present
at 2019 i tested so many new Technologies like Laravel, Django, Golang and more, since then i'm a full time Laravel Backend Developer at Webina Team and MixitWeb Co.
- **Wordpress Developer, at Freelancer**
2013 - Present
Since 2013 i was Working as a Wordpress Developer, i ran a Team website named Fandoq.dev from 2019 to 2020 and renamed it to Webina.dev from 2020 untill now.

About Me

I'm Arsalan, I was born in 2000 in Iran, i'm a Backend Web Developer and I'm in Love with Technology! my uncle taught me how to Make a blog when i was 6 Y/O, Since then i made some blogs for my Friends an Classmates and that was a begin to my Web Developing Passion.

I know Laravel + Vue.JS (I Love this Complex!) and i love learning new Skills and languages, it feels like Power for me, So Learning about Computer is fun for me and i never get Tired From That!
